according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: August 14, 2019

1 Identification

[•] Product identifier

· Trade name: Rodent Resistant Aerial FuturePath

· Other means of identification: No other identifiers

· Recommended use and restriction on use

- · Recommended use: Manufactured article.
- · Restrictions on use: No relevant information available.

 Details of the supplier of the Safety Data Sheet
 Manufacturer/Supplier: Dura-Line Corporation
 11400 Parkside Drive, Suite 300 Knoxville, TN 37934

(865) 218-3460 (800) 847-7661 • Emergency telephone number: ChemTel Inc.

(800)255-3924 (North America) +1 (813)248-0585 (International)

2 Hazard(s) identification

[•] Classification of the substance or mixture

The product is not classified as hazardous according to the Globally Harmonized System (GHS).

[·] Label elements

· GHS label elements Not regulated.

- · Hazard pictograms: Not regulated.
- · Signal word: Not regulated.
- · Hazard statements: Not regulated.

· Other hazards There are no other hazards not otherwise classified that have been identified.

3 Composition/information on ingredients

[•] Chemical characterization: Mixtures

· Components:

1333-86-4 Carbon black

Additional information:

For the listed ingredient(s), the identity and/or exact percentage(s) are being withheld as a trade secret. Non-classification as a carcinogen is based on non-inhalable form of product. IARC listings for carbon black note that the substance must be respirable.

4 First-aid measures

[·] Description of first aid measures

· After inhalation:

Respiration of particulates is unlikely during normal usage.

(Cont'd. on page 2)

(800) 847-7661 · www.duraline.com

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: August 14, 2019

Trade name: Rodent Resistant Aerial FuturePath

(Cont'd. of page 1)

Supply fresh air; consult doctor in case of complaints.

• After skin contact:

Generally the product does not irritate the skin.

If skin irritation is experienced, consult a doctor.

· After eye contact:

Remove contact lenses if worn.

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

After swallowing:

Unlikely route of exposure.

Do not induce vomiting; immediately call for medical help.

- Most important symptoms and effects, both acute and delayed: Mechanical irritation to eyes.
- Indication of any immediate medical attention and special treatment needed:
- No relevant information available.

5 Fire-fighting measures

- Extinguishing media
- Suitable extinguishing agents: Use fire fighting measures that suit the environment.
- For safety reasons unsuitable extinguishing agents: No relevant information available.
- · Special hazards arising from the substance or mixture
- Formation of toxic gases is possible during heating or in case of fire.
- [•] Advice for firefighters
- · Protective equipment:

Wear self-contained respiratory protective device.

Wear fully protective suit.

6 Accidental release measures

- **Personal precautions, protective equipment and emergency procedures** Ensure adequate ventilation.
- * Environmental precautions No special measures required.
- Methods and material for containment and cleaning up Pick up mechanically.
- [•] Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

7 Handling and storage

[·] Handling

• Precautions for safe handling: No special measures required.

[•] Conditions for safe storage, including any incompatibilities

- · Requirements to be met by storerooms and receptacles: No special requirements.
- · Information about storage in one common storage facility: No relevant information available.
- Specific end use(s) No relevant information available.

(Cont'd. on page 3)

Other information	No relevant information available.	

10 Stability and reactivity

· Reactivity: No relevant information available.

· Chemical stability: Stable under normal temperatures and pressures.

Thermal decomposition / conditions to be avoided:

No decomposition if used and stored according to specifications.

[•] Possibility of hazardous reactions

Toxic fumes may be released if heated above the decomposition point.

· Conditions to avoid No relevant information available.

· Incompatible materials No relevant information available.

· Hazardous decomposition products

Under fire conditions only:

Carbon monoxide and carbon dioxide Silicon oxides.

11 Toxicological information

Information on toxicological effects

• Acute toxicity: Based on available data, the classification criteria are not met.

- · LD/LC50 values that are relevant for classification: None.
- · Primary irritant effect:

· On the skin: Based on available data, the classification criteria are not met.

· On the eye:

Mechanical irritation only.

Based on available data, the classification criteria are not met.

• Sensitization: Based on available data, the classification criteria are not met.

- · Aquatic toxicity No relevant information available.
- * Persistence and degradability No relevant information available.
- · Bioaccumulative potential: No relevant information available.
- Mobility in soil: No relevant information available.
- · Other adverse effects No relevant information available.

13 Disposal considerations

[·] Waste treatment methods

· Recommendation:

The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

[·] Uncleaned packagings

· Recommendation: Disposal must be made according to official regulations.
