### according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: April 26, 2019

### **1** Identification

### <sup>•</sup> Product identifier

### · Trade name: Hydralube F-150i Winter Grade

- · Product code: No other identifiers
- <sup>.</sup> Recommended use and restriction on use
- · Recommended use: Lubricant
- Restrictions on use: No relevant information available.

# Details of the supplier of the Safety Data Sheet Manufacturer/Supplier: Dura-Line Corporation 11400 Parkside Drive, Suite 300 Knoxville, TN 37934 (865) 218-3460 (800) 847-7661

## Emergency telephone number:

ChemTel Inc. (800)255-3924 (North America) +1 (813)248-0585 (International)

### 2 Hazard(s) identification

### <sup>•</sup> Classification of the substance or mixture

The product is not classified as hazardous according to the Globally Harmonized System (GHS).

### <sup>-</sup> Label elements

The product is not classified as hazardous according to OSHA GHS regulations within the United States.

- · GHS label elements Not regulated.
- · Hazard pictograms: Not regulated.
- · Signal word: Not regulated.
- · Hazard statements: Not regulated.
- · Precautionary statements: Not regulated.

· Other hazards There are no other hazards not otherwise classified that have been identified.

### 3 Composition/information on ingredients

### · Chemical characterization: Mixtures

· Components:

57-55-6 Propylene glycol

### · Additional information:

For the listed ingredient(s), the identity and/or exact percentage(s) are being withheld as a trade secret.

### 4 First-aid measures

### <sup>•</sup> Description of first aid measures

· After inhalation: Supply fresh air; consult doctor in case of complaints.

- · After skin contact: Wash with soap and water.
- · After eye contact:

(Cont'd. on page 2)

20-40%

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: April 26, 2019

(Cont'd. of page 1)

### Trade name: Hydralube F-150i Winter Grade

Remove contact lenses if worn.

Rinse opened eye for several minutes under running water.

• After swallowing: Do not induce vomiting; immediately call for medical help.

• Most important symptoms and effects, both acute and delayed: No relevant information available.

· Danger: No relevant information available.

· Indication of any immediate medical attention and special treatment needed:

No relevant information available.

### **5** Fire-fighting measures

- <sup>·</sup> Extinguishing media
- Suitable extinguishing agents: Use fire fighting measures that suit the environment.
- For safety reasons unsuitable extinguishing agents: No relevant information available.
- · Special hazards arising from the substance or mixture No relevant information available.
- Advice for firefighters
- · Protective equipment:

Wear self-contained respiratory protective device.

Wear fully protective suit.

### 6 Accidental release measures

 Personal precautions, protective equipment and emergency procedures No special measures required.

• Environmental precautions No special measures required.

Methods and material for containment and cleaning up

Dispose of the collected material according to regulations.

• Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

### 7 Handling and storage

<sup>·</sup> Handling

- · Precautions for safe handling: No special measures required.
- · Information about protection against explosions and fires: No special measures required.
- <sup>•</sup> Conditions for safe storage, including any incompatibilities
- · Requirements to be met by storerooms and receptacles: No special requirements.
- · Information about storage in one common storage facility: No relevant information available.
- **Specific end use(s)** No relevant information available.

### 8 Exposure controls/personal protection

<sup>·</sup> Control parameters

### 10 Stability and reactivity

· Reactivity: No relevant information available.

• Chemical stability: Stable under normal temperatures and pressures.

• Thermal decomposition / conditions to be avoided:

No decomposition if used and stored according to specifications.

· Possibility of hazardous reactions No dangerous reactions known.

· Conditions to avoid No relevant information available.

<sup>•</sup> Incompatible materials No relevant information available.

· Hazardous decomposition products Carbon monoxide and carbon dioxide

### 11 Toxicological information

### Information on toxicological effects

• Acute toxicity: Based on available data, the classification criteria are not met.

· LD/LC50 values that are relevant for classification: None.

· Primary irritant effect:

• On the skin: Based on available data, the classification criteria are not met.

• On the eye: Based on available data, the classification criteria are not met.

• Sensitization: Based on available data, the classification criteria are not met.

IARC (International Agency for Research on Cancer):

Present in trace quantities.

75-09-2 dichloromethane

• NTP (National Toxicology Program):

Present in trace quantities.

542-75-6 1,3-dichloropropene

75-09-2 dichloromethane

OSHA-Ca (Occupational Safety & Health Administration):

Present in trace quantities.

Probable route(s) of exposure:

Ingestion.

Inhalation.

Eye contact.

Skin contact.

- Germ cell mutagenicity: Based on available data, the classification criteria are not met.
- · Carcinogenicity: Based on available data, the classification criteria are not met.
- Reproductive toxicity: Based on available data, the classification criteria are not met.
- **STOT-single exposure:** Based on available data, the classification criteria are not met.
- · STOT-repeated exposure: Based on available data, the classification criteria are not met.
- · Aspiration hazard: Based on available data, the classification criteria are not met.

### **12 Ecological information**

- <sup>·</sup> Toxicity
- · Aquatic toxicity No relevant information available.
- Persistence and degradability No relevant information available.
- · Bioaccumulative potential: No relevant information available.
- **Mobility in soil:** No relevant information available.
- · Additional ecological information
- · General notes:

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

• Other adverse effects No relevant information available.

### **13 Disposal considerations**

### <sup>•</sup> Waste treatment methods

· Recommendation:

The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

### Uncleaned packagings

• Recommendation: Disposal must be made according to official regulations.
