

MICROTECHNOLOGY ACCESSORIES

DIVISIBLE DUCT SEAL KITS

Divisible Duct Seals provide an air and water tight seal between the cable OD and the inner wall of the MicroDuct. The hard outer cover is divisible so it can be easily installed around an existing cable.

- Divisible cover and seals for easy installation around existing cables
- Durable outer shell with multiple inner seals to accommodate a range of cable sizes
- Inner seals are color coded to quickly differentiate between cable OD's
- Available for MicroDuct OD sizes 5mm–18mm
