

CUTTERS

MICRODUCT ROUND CUTTER

Used to cut only the MicroDuct and not what is inside the MicroDuct.
Can cut MicroDuct sizes 8-18mm.

ITEM	PART #
MicroDuct Round Cutter	20005284

MICRODUCT STRAIGHT CUTTER

Used to make a 90° cut of the MicroDuct.
Will also cut whatever is inside the MicroDuct.

ITEM	PART #
MicroDuct Straight Cutter	20001856

CONDUIT SLITTER

Used to make longitudinal cuts in HDPE conduit.
Also used as a cable sheath removal tool.

ITEM	PART #
Conduit Slitter	20005686
Replacement Blade for Conduit Slitter	20005687

SHEATH SLITTERS

Sheath Slitters are used to easily remove the oversheath on FuturePath products.

Both the Longitudinal Sheath Slitter and Jumbo Sheath Slitter include a dual, reversible cutting blade with safety guards and an extra dual-sided blade in the handle.

The Jumbo Sheath Slitter is designed for thicker oversheaths like those seen on FuturePath Jumbo configurations and includes an additional reversible blade on top.

ITEM	PART #
Longitudinal Sheath Slitter	20003768
Jumbo Sheath Slitter	20096973

CUTTERS

LARGE MICRODUCT CUTTER

The Large MicroDuct Cutter, with its PTFE coated square steel blade, can easily cut through the entire width of the MicroDuct.

ITEM	PART #
Large MicroDuct Cutter for up to 28mm OD MicroDuct	20005684
Replacement Blade	20005748

RATCHET CUTTER

Designed to utilize average hand gripping strength to shear cut HDPE conduit with the ability to cut FuturePath

ITEM	PART #
Ratchet Cutter for 3/4" to 1-1/2" OD Conduit	20001923
Replacement Blade for 20001923 Ratchet Cutter	20001907
Ratchet Cutter for 2" Conduit	20001803
Replacement Blade for 20001803 Ratchet Cutter	20001718

ROTARY CUTTER

For scoring the sheath of armored FuturePath

ITEM	PART #
Rotary Conduit Cutter for 3/4" to 2 5/8" Conduit	20001924
Rotary Conduit Cutter for 1-7/8" to 4-1/2"	20001857
